

About us IG

Carrying out scientific and technological research in the following fields of synthetically natural conditions, resources and related socio-economic aspects to build a scientific basis for national and regional socio-economic development planning, participating in the appraisal of sustainable use of resources and environmental protection for socio-economic development projects and applying modern technologies (remote sensing, information technology, automation, cartography, etc.) in geographical studies.

TGEO

Taiwan Group on Earth Observations (TGEO) is a non-governmental organization (NGO) founded with members from industry and academia in August 2010. Its goal is to carry out the projects of earth observations supported by the G8 summit of the United Nation in order to find out the solutions or precaution against natural calamities and reduce the impact of disasters, and brings out sustainable development of the earth against global warming and the anomalous climate.

<http://ig-vast.ac.vn>

Objectives

Apply remote sensing data to extract valuable information for subsequent entry to statistical or physical models to investigate environmental problems in association with hydrological hazards and to seek for solutions.

Organizing Team

- Academician & Prof. Yuei An Liou
- A/Prof. Dr. Lai Vinh Cam
- A/Prof. Dr. Nguyen Dinh Duong
- Prof. Dr. Ming-An Lee
- Dr. Jin-King Liu
- Dr. Dao Dinh Cham
- Dr. Nguyen Thanh Hoan
- Dr. Bui Quang Thanh
- Ms. Nguyen Kim Anh
- Ms. Ho Le Thu

Chief Organizer

ASSOCIATE PROF. DR. LAI VINH CAM

Acting Director
Institute of Geography, VAST
18A Hoang Quoc Viet, Cau Giay, Ha Noi
Tel. 84.4 7561427
Mob. 0912321542
Email: lvcamminh04@yahoo.com

Communication Incharge

Dr. NGUYEN THANH HOAN

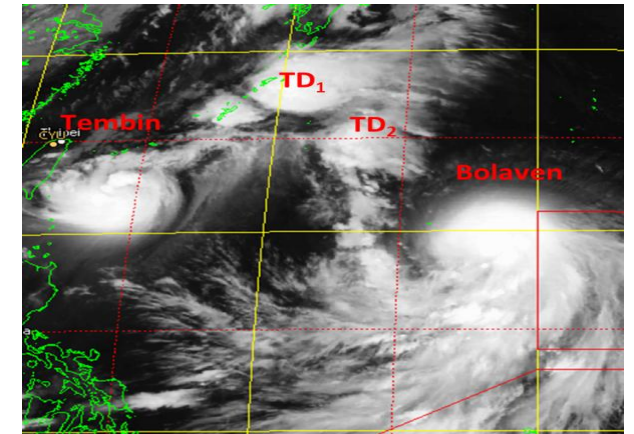

Email: hoanrs@gmail.com
Tel: 84.4 7562417

Abstract deadline : 15 July 2016

Notification: 17 July 2016

International Conference on Hydrometeorological Hazards by Earth Observations

22th – 27th July 2016

Institute of Geography,

Vietnam Academy of Science &
Technology

18 Hoang Quoc Viet Rd., Cau Giay
District, Ha Noi City, Vietnam
