

Call for paper**East Asian International Symposium on GIS 2014**

GIS Association of Japan (GISA)

Korean Association of GIS (KAGIS) and GIS Association of Japan (GISA) have held Korea-Japan International Symposium every year. GISA has been establishing the collaborative relationship with the International Association of Chinese Professionals in Geographic Information Sciences (CPGIS) and Taiwan Geographic Information Association (TGIS). In the 16th conference in this year, GISA is going to hold international symposium with KAGIS, CPGIS and TGIS. GISA expects this symposium to make great contribution in further study, application and education of GIS. GISA calls for oral presentations related to GIS at this symposium.
